There were a large number of calls for Animal Control in the month of June, over double the amount of calls in 2018 from 2017. The cooler weather has allowed for a decrease in the number of water violation calls, the amount of calls are still double this year compared to last year's numbers. An education blitz is occurring regarding parking enforcement through newspaper, radio advertisements and through social media outlets in an effort to educate the public prior to beginning to actively enforce parking issues on July 9th.
