

BE INVOLVED IN THE FUTURE PLANNING OF YOUR NEIGHBOURHOOD

The City of Revelstoke, through their consultants and the Advisory Planning Commission, will be conducting a series of Neighbourhood Workshops on the evenings of November 27th and 28th. These Neighbourhood Meetings are part of the on-going public engagement and consultation process that help frame the development of Revelstoke's new Official Community Plan.

The Neighbourhood Meetings will be informal, hands-on sessions where participants will highlight the character, context and potential of their neighbourhoods. The information gathered will inform the directions and land use plans of the new Official Community Plan. The workshops are a drop-in format between 7:00 pm – 9:00 pm (no presentation).

TUESDAY, NOVEMBER 27TH, 2007
